PLAIN QUESTIONS TO NORWAY PEOPLE

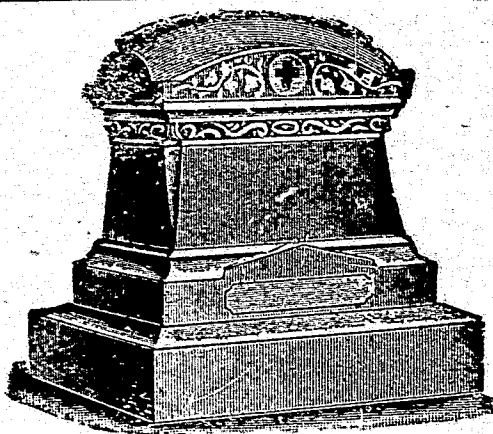

Every Norway Reader Will Admit the Soundness of the Logic

Would Norway people recommend Doan's Kidney Pills as they do if the medicine were not reliable? Would they confirm their statements after years have elapsed if their experiences did not show the remedy to be deserving of it? Statements like the following must carry conviction to the mind of every reader:

C. E. Bradford, prop. of the laundry, Main St., Norway, says: "For some time I had a dull pain through the small of my back, together with a tired feeling. I couldn't rest well. When a friend advised me to take Doan's Kidney Pills I got a supply at F. P. Stone's Drug Store. After I used two boxes, the pains and other symptoms disappeared and there was a great improvement in every way. I have had no kidney trouble since." (Statement given April 30, 1912.)

On June 6, 1916 Mr. Bradford added: "I still have confidence in Doan's Kidney Pills as it hasn't been necessary for me to use a kidney medicine since I took them."

SOUTH HARRISON

Mrs. Winnie K. Bonney
Many hearts were saddened on Dec. 21 by the message that Winnie Kneeland Bonney had passed away at her home in Lewiston after a short illness of measles and pneumonia.

She was born in Harrison April 25, 1887, the daughter of the late Ira and Ella (Harmon) Kneeland. Besides her husband, Frank Bonney, she leaves four dear little children to mourn the loss of a kind and affectionate mother, two boys, Raymond and Kenneth and two girls, Grace and Thelma. Also leaves a mother, who mourns the loss of her only daughter, and one brother, Conie Kneeland of Gorham.

Fred Greene's customers on his South Harrison route are sorry to hear of his recent illness. Percy Smith is now driving his delivery team.

A little stranger was welcomed to the home of Mr. and Mrs. Willis Littlehale Dec. 12th, named John Clinton.

Mr. and Mrs. R. W. Fogg spent Christmas with their son, Prentiss, at Otisfield.

Frank Trafton, who has been sick for one year has not been as well for the past week. He was made happy on his 70th birthday, Dec. 22nd, by receiving 160 post cards, several booklets and letters from his friends. He has also received a bouquet of beautiful flowers from his friends at Harrison village recently. The consequences of such kind words and tokens of cheer are greater and more far-reaching than we realize and often times we know not how much they are needed and this is a case where they have given great comfort.

Relatives in South Harrison received the sad tidings on December 24th that Royal Adams had passed to the Great Beyond. He was the son of the late Charles and Eliza (Thompson) Adams.

Consider These Clothing Facts

More than a year ago we warned the people of South Paris and vicinity that the serious shortage of wool would inevitably lead to much higher prices for clothing. Since that time the entry of the United States into the war has further curtailed the amount of wool available for civilian use.

If any man feels disappointed because clothing prices are not yet as high as he expected, let him be patient a little longer and his expectations will be fulfilled and perhaps exceeded. Men who ought to know say that a good suit of clothes may cost as much as \$100 if the war continues a couple of years longer.

HARKEN BACK ON THE PAST

Twenty-three Years Ago

Vernie Whitman, while standing, fell through the ice Friday. He went into the water to his head, but got out with nothing more serious than a thorough wetting.

C. Cole and Charles Goshaw recently got thirty odd pickers from Moose Pond in Otisfield. One weighed 3 1-2 pounds, several weighed 2 pounds.

The town clock, C. B. Cummings & Sons, and the shoe factory have for some days past been running on the same time. Evidently there was a disparity of time in earlier days.

Agnes Beal, who is studying music in Boston, is at home for the holidays.

G. W. Hobbs has had some very pretty souvenir crockery of the mill at the falls. C. B. Cummings & Sons have moved their planing machine from the Upper Mill onto the Second Mill Privilege.

A very pleasant surprise was afforded A. H. Bodkin our popular caterer, and Mrs. Bodkin on Christmas morning in a fine willow rocker and plush chair from their boarders, who wished to show their sense of appreciation for the untiring efforts ever put forth by Mr. and Mrs. Bodkin to please their patrons.

Norway Municipal Court is still without a Judge. The Hon. David W. Davis was appointed and expected to have the court in working order ere this, we understand that owing to some mistake he was obliged to return his commission to have it rectified. We trust that this office may be filled soon.

Twenty-four Years Ago

The way Prof. C. P. Barnes stopped a runaway two horse team of heavy horses and a big load of wood called forth the applause of a crowd Wednesday noon. It was a neatly done job.

The Norway Public Library has drawn from the State fifty dollars, it being ten per cent. of money expended by the town last year agreeably to a law passed last winter. If a fee had been charged for the use of the books, no percentage would be given.

Lieut. Charles S. Akers and 2nd Lieut. Harry F. Ames, were at the meeting of the N. G. S. M. at Portland Friday.

Dr. E. C. Walton, on West Wednesday on a trip among the lumbermen of Northern Oxford County to look after the horses. The doctor is a very successful veterinary surgeon and his services are required periodically in the logging camps.

Samuel Hazeltine has moved here from Bridgton.

It has become the fashion for different localities to boast of the number who attended the World's Fair the past summer. Now Norway is not a very large place and it did not try to be the world's record, but it is progressive in everything and it makes a very good all round showing. When our number of inhabitants is taken into consideration and the distance from Chicago and that fully one hundred Norwegians attended, we are inclined to think few places did better.

A horse became frightened on Bridge street Saturday by the sliding down Pike Hill, shied and threw out the two ladies in the sleigh and went on its way down Orchard street without a driver. The damage, however, was slight. Pike's Hill is a fine coasting ground, but a very dangerous one, owing to the amount of travel on Bridge street. It is a wonder that more have not been injured there.

Old Time Ledger Brought to Light

Ray Bennett recently stumbled across an old time ledger in the attic of his dwelling on Water street, Norway, that records business transactions more than 40 years ago when Luther F. Foster and Simeon Frost were partners as blacksmiths and general repairers, located in a little shop on Water street.

The book originally contained more than two hundred pages and was well bound, but it is missing and several pages are missing and the ancient volume shows the wear of nearly a century. It is an interesting local historical document for it not only records names of persons in the sparsely settled town whose descendants are among the well known leaders to-day, but offers a comparison of cost for labor and material.

According to the entries, Luther Foster started blacksmithing alone, the first item being made on October 24, 1836 against David Webster, shoeing horse 50c, another on Nov. 1 shoeing horse 30c, and on the 11th shoeing 42 and 50c. William Goodnow, Lee Mixer, John Bird, John Frost, William Young were indebted to the blacksmith during the same month in small amounts.

Early in December Simeon Frost came in, the firm being Foster & Frost. Business picked up from this date and the ledger gives strong evidence that credit was a common thing. Some of the accounts were even advanced there is nothing in the book to show the fact.

During the year 1837 familiar names appear and several were undoubtedly long winded with their payments, many running nine months or more with nothing done to square up. Among the names were Ephraim Brown, George Pearsons, Henry Millett, John Millett, Joseph Bennett, John Rowe, Joseph Russell, John Tucker, John Witt, Joseph Shackley, Jeremiah Foster, Joshua Crockett, Joel Prescott, Jacob Pearsons, James Smith, John Thurston, John Richardson, Luther Pike, Mark P. Smith, Moses Ames, Moses Bradbury and William Frost.

This year it cost only 50c to have a sucker spear made, 17c to hoop a kettle, from 10c to 50c for shoeing a horse and 50c per ox. Credit was given for 7 bushels of potatoes \$2.83; 3 cords wood \$4.50; 104 pounds mutton tallow at 6c per pound; 1 bushel wheat \$1.50; 1 bushel corn \$1.00; apples were turned in for 40c per barrel and cheese 8c per pound. The use of oxen for half a day amounted to 33c or the price of a bushel of oats. The firm bought No. 1 shingles for \$1.43 per M and paid \$3.00 for 90 bushels iron to be worked into bolts and nails. Carriage from Portland was \$2.00. All most any farm produce would be swapped for work.

The records continue through 1838-9 with new names coming in the regular way. We note the following: Henry Rust, Howard DeCoster, Jonathan Work, Ira Hobbs, Isaiah Hall, Nehemiah Frank, Alvah Hobbs, John Millett, Jr., Jacob Tubbs, Joseph York, Cleman Holt, Eben Shackley, Asa Danforth, Amos Noyes, Stephen Cummings, Tink O. Brown, Timothy Smith, William Beal, David Frost, Ezra F. Beal, Judge Deering, John Pike and others.

Foster was very conspicuous about his personal account with the firm. He figured his time at \$1.00 per day, which must have been considered in the upper

class, for they gave only 66-1-2c per day for outside labor. During 1838 only \$102.30 had been charged, including board. Frost was more easy going in his accounts that year, they opened in good faith January 1 and closed Sept. 25 after getting in \$40.71 which included cash on account and time lost, but did not mention a good sized board bill.

For some reason business went stale during 1839, patronage fell away, and the last entry was made early in September. The book doesn't show when or in what manner the partnership was dissolved.

Fumigation Against Contagion

An anonymous letter from someone at Norway Lake has lately been received for publication. Such letters are never published in reputable papers. Its many inaccuracies could not have been published anyway, without revision.

The letter was given to the chairman of the school board and by him handed to the supervisor for any action he might see fit to take.

At the beginning of the winter term of school at the Lake only one child was present on the first day. The parents of the pupils demanded that the schoolhouse be fumigated by the Board of Health and that new texts be supplied for the school. They also demanded that all the texts (about \$50.00 worth in all) be burned and new texts be supplied. The supervisor saw Dr. Barlett, chairman of the Board of Health, and he ordered the schoolhouse to be fumigated. This was done on Tuesday, Jan. 4th. In this order he directed the workmen to place the texts in a prescribed position so they would be fumigated at the same time. Now all this has been done.

The anonymous letter demands that the books now be burned. The chairman of the Board of Health does not order any such a proceeding. The School Board concurs.

After such precautionary measures it is hoped that the parents will not make their children truants. Of course any parent has a right to buy a set of text books for any pupil.

PARIS HILL

Funeral services for Mrs. Rose Davee Cole were held Friday at her home, attended by Rev. G. W. F. Hill. Mrs. Cole had been ill for quite a long time. She was 57 years of age.

Her husband, the daughter of James S. and Mary Davee, and married Harry G. Cole October 7, 1851 and since that time, their home has been at Paris Hill. Besides her husband, she leaves four sons, Arthur, Bert, Harold and John Cole, all of Paris. She is also survived by one sister, Clara, wife of Will Slattery of Rumford, and two brothers, Bert Davee of Minot, and George Davee of South Paris.

E. L. Parris, Jr., is now employed in an important branch of the Government service. He has charge of all the magisterial inspection at the Curtiss aeroplane factories at Buffalo, N. Y. The plant works 24 hours per day including Sunday and holidays.

Annie Parris is recovering from her surgical operation, being able to leave the hospital. She is now with her sister in Biddeford.

ALBANY

We had six days in succession of the coldest weather that was ever known at Hunt's Corner in the month of December. Sunday morning, December 30, was the coldest that was ever known here at the corner for more than 50 years; the thermometer ran all the way from 22 degrees to 38 degrees below zero in different parts of the town.

Roy Wardwell has been sawing wood at the corner for Abel Andrews cutting timber.

George Cummings is hauling wood for H. G. Bean.

D. A. Cummings, who has been visiting his sister for the last four weeks at Lewiston, returned to Albany Saturday night December 29th.

Wood is very high and scarce. There are twelve men within three miles of Hunt's Corner that want to get 100 cords of wood cut the coming winter, who pay from \$2.00 to \$3.50 per cord for cutting, which is an enormous price. Only a few years ago you could hire all the wood cut you wanted to for \$1.00 per cord. Cheaper up, you young men in the country, and come up in the country and cut some cord wood instead of walking up and down the street wearing out your shoes, half of the time trying to get a job.

Harry Newell has gone to Norway to get a job in the shoe shop.

Sept 17-20 are the dates fixed for the State Fair at Lewiston.

Blankets and Robes

Present market conditions indicate that an advance in price is not unlikely for all grades of stable and street blankets and robes. Jobbers stocks are reported to be unusually low and on many leading styles they are entirely sold out. This means a scarcity when retailers present stocks are exhausted, as it will be hard to get the desirable styles.

We have an unusually full stock of stable blankets in burlaps and ducks and in all the different styles of fasteners and surcingle. Prices on these goods are very low, considering their scarcity and the difficulty of getting them. Duck storm blankets in medium and large sizes.

A fine assortment of street blankets, of the best colors, in stripes, plaids and Indian weaves, ranging in price from \$1.50 up to \$6, \$7 and \$8 each. Many of these are in beautiful colors and well worth your examination.

Kezar Grange
The officers of Kezar Lake Grange were installed Wednesday evening, Jan. 2, by past master H. B. McKen. In his usual happy and efficient manner. He was assisted by Mrs. Stella McKen, who did her work in a very impressive manner. The installation was public and a number availed themselves of the opportunity to see the installation and enjoy the nice hot supper and the fine literary program. Following is a list of the new officers:

M. A. McKen.
O. W. Allen.
Lect.—Beryl Andrews.

Frances Wilson, who has been at home for the Christmas vacation, has returned to her school at Woodford.
Will Allen spent Christmas with Mr. and Mrs. Fred Harriman, a Norway. Another guest at Mr. Harriman's was Edgar McAllister of this place.

A very cold wave came about Christmas time and stayed until after the new year, the temperature was anywhere from 20 to 40 degrees below zero, according to locality and the blowing a gale the greater part of the time made things lively for a while. Nearly every one was busy thawing water pipes, looking after the cellars, shoveling snow and keeping the roads passable. The mails got through every day, but it was hard on the horses and drivers. It was the coldest time for many years in this locality.

Mrs. S. J. Hill is having a bad time with her eye. She has been obliged to stay in a dark room several weeks and feels rather discouraged.
Mrs. A. B. Garcelon has been ill the past week, but seems to be gaining at present.

One son and two daughters are in Connecticut, one son in Massachusetts, one daughter in Farmington and one in East Sumner, near her old home.

Richard Palmer is saving feed on the river.

Owing to the severity of the weather, there was not a large attendance at the Grange fair Friday evening, but over thirty dollars were realized. A supper was served and a program was presented, consisting of a farce "Local and Long Distance," also vocal and instrumental music. All were greatly pleased with the new piano, which the Grange purchased last week.

A wild cat has recently been seen near the school house and some of the little people were afraid to go home without escorts.

EAST SUMMER

Dorothy Palmer has returned to Farmington, where she is teaching after spending the Christmas vacation with her parents. Mr. and Mrs. Palmer are now left alone, their six children being scattered in various parts of the country. One son and two daughters are in Connecticut, one son in Massachusetts, one daughter in Farmington and one in East Sumner, near her old home.

W. D. Tucker was prostrated by a shock last week, and is now under the care of a trained nurse. Mr. Tucker is somewhat improved, but is still very ill. His son Philip is at home, also his daughter, Mrs. Record, and her husband.

The sick ones are about again. They are getting over the measles in this vicinity.

We have been having some pretty severe weather. Some of the oldest inhabitants say they never saw such cold weather before as we had through December, but let us hope the weather has broken for a month.

School commenced at Dickvale the 31st. There must be a mistake about Dickvale school being postponed. The Dickvale High was postponed on account of the weather.

Will Dixon has gone over to Will Child's at Dixfield to help care for his sister, Emma Child. She is very low.

Nathan Flag has been cutting ice for Sylvester Seearles, also for Chas. Tracy. Nellie and Schellie are going back to her school.

Morris Tracy has been packing ice for Chas. Tracy.
Irene Farrar is entertaining the measles.

Mrs. Shaw was called to Buckfield last week to attend her brother's, Arthur Lowell's funeral.

Ray Tyler is hauling timber from Franklin to the mill at Dickvale for L. A. Wardwell.

A few days later as he did not get any better they employed another doctor, who shot the horse as there was no help for him and he was in agony.

Mr. McKen bought one of Virgil Littlefield to take his place. His son, Loring, or Dade, as he is familiarly known, took him home Sunday from Mr. Littlefield's. They lost his mate last March. They were a pair of beautiful and valuable horses. It is a great loss and coming at this time of year when Mr. McKen had a large logging job on hand.

Mrs. Fred Hazelton visited her mother, Mrs. E. J. Paige, Sunday. Mrs. Paige is in poor health at present.

Mrs. Bert Smith is spending the holidays with her parents, Mr. and Mrs. O. B. McKen. She will go to New Jersey the first of the week.

Howard Allen, who is the cream gatherer now in this vicinity come near tipping the cream over Monday in a bad drift. The road has not been looked after for days. It would be a costly business for the town at the present price of cream if the cream was lost by the town's carelessness or neglect.

CHRISTMAS DUTIES

I brought a sapin from the woods. And bought a lot of Christmas goods. I hunted round among the trees. The snow was up above my knees. I heard the hounds baying. While in the breeze the trees were swaying. I brought the crisp December air. And sweat while branches brushed my hair. Last night I never closed a lid. Our family cat has gone and hid. I danced around and hid my face. To please my acrobatic kid. I looked at all the windows neat. And dodged the people on the street. And called around at Clark's Drug Store. And soon I passed in through the door. The folks were looking on the shelves. For what they didn't know themselves. The clerks they wait with tranquil eye. Wondering what we are going to buy. A woman there who near me stood. Bought a lot of Christmas goods. She looked at toys there on the shelf. And said of children she had twelve. In making change she had to cough. She sneezed and lost her bonnet. I picked it up from off the floor. She said she'd never see that bonnet more. Of presents there I bought a heap. I started walking up the street. I went home then and saw my wife. That she was past of married life. The children all were tucked in bed. I crept around and bumped my head. For never again shall we know each other. To twist myself all out of shape. I had to stand up in the chairs. Hanging toys and teddy bears. And do a dozen things or more. With popcorn scattered on the floor. It keeps a running battle. That when I leave this world behind. I may not be with boys and girls. To buy them toys and see their curls. If I had money I would. I'd buy for every kid in town. For never again shall we know each other. To twist myself all out of shape. I had to stand up in the chairs. Hanging toys and teddy bears. And do a dozen things or more. With popcorn scattered on the floor.

WEST STONEHAM

H. B. McKee has sold his span of horses to V. H. Littlefield of East Stoneham. Maude McAllister and son Stillman were at Lovell Center, Wednesday. Nettie Chute went to Waterford last week. Harry McKee went to Lovell, Friday. Myrtle Adams is visiting her uncle, Percy Adams, at East Stoneham. L. A. Chute has two teams hauling timber from the mountains for G. W. Adams to Kezar Lake. Mrs. Nellie Sawyer, who had the misfortune to fall and break some of her ribs is gaining slowly.

Christmas mail this year was 25 per cent heavier than ever before, according to the Post Office Department. The congestion was less, however, because the packages were mailed earlier than in former years.

PORTER

Mill Moved

The Sokokis Lumber Company of Kezar Falls have moved their portable saw mill onto the farm of Frank L. Mason, where they have a large timber lot to cut. It took four days to haul the large boiler from Ashley Weeks' farm where the mill has been in operation for the past two winters, to Frank Mason's farm, a distance of three miles, with a team of four horses and half as many men. They met with many draw-backs on the way, such as breakdowns and getting out of the road. And once where they thought their troubles were ended, the boiler tipped over. They have got it in place at last. The choppers are at work.

A large Xmas tree was in the center of the new shop which Mr. Tower built this fall. His wife told him that he would have his shop done before Xmas she would dedicate it for him. C. G. A thought that is winged from friend to friend does not carry the prayer for a joy without end. And it throbs with a big, friendly ring. A word of cheer in the shadow of night. When discouragement darkens the way. Will illumine our hearts with the glorious light of a hopeful and unquenchable day.

When failure confronts us and darkness our goals. It is then that we cry from the depths of our souls. For a friend who can just understand. A bright, cheerful smile often gives us the strength. That the lack in the vortex of strife. For it lightens our load as we travel the length. Of the care-laden path we call life. So we end, after all, that the things we thought small. Loam colossal above all the host. That the best of God's gifts are the friends we can call. To our side when we need them most.

Nothing more true these times than the story of the "Ten and the golden eggs."

"BEST MEDICINE FOR WOMEN"

What Lydia E. Pinkham's Vegetable Compound Did For Ohio Woman.

Portsmouth, Ohio.—"I suffered from irregularities, pains in my side and was so weak at times I could hardly get around to do my work, and as I had four in my family and three boarders it made it very hard for me. Lydia E. Pinkham's Vegetable Compound was recommended to me. I took it and it has restored my health. It is certainly the best medicine for women's ailments I ever saw."—Mrs. SARA SHAW, R. When you go to a fire why not take along your fire extinguisher? It may be useful.

E. C. Murch came near putting out the fire on Water street with one Monday. Had there been another "extinguisher" there the blaze could have been stopped without putting on city water, which did more damage than did the fire.

When the alarm sounds, catch up your extinguisher and go to it.

Wonder where our Chemical Engine is? Never seen it, yet.

It is well to be prepared but hose carts on wheels at this time of year are slow.

Spectators should catch up the hand grenades and get to the fire as quickly as possible and put it out.

Y., at an expense of four dollars per day for one small room in an inconspicuous part of the house, but it was warm. The discomfort of the poor is terrible!

"This is no holiday. Better take down your sign if you have shut up your post office" was remarked by a stranger after the door refused admittance.

Sure enough, Norway has two postoffice signs hung out on Main street.

I have been assigned to a new ship which is to be ready in a few weeks and I believe I will be stationed near the American naval base at Brent, France.

You may be assured that your sweater will be worn most of the time, especially as we will be in North Sea most of the time. Wishing you a Merry Christmas and a Happy New Year, I remain, Sir, your obedient servant, George S. Heineman.
